

Enrico Iurlano, M.Sc.

✉ eiurlano@ac.tuwien.ac.at

✉ Institute of Logic and Computation, E192-01
Favoritenstrasse 9-11, A-1040 Wien

Employment History

- 2022 – **University assistant.** Algorithms and Complexity Group, TU Wien, Vienna, Austria (with ongoing Ph.D. studies in computer science).
- 2021 – 2022 **Researcher.** SBA Research gGmbH, Vienna (11 months).
- 2019 – 2020 **Instructor.** Institute of Discrete Mathematics and Geometry, TU Wien (engineering mathematics courses, 2 semesters).
- < 2019 **Intern.** Numerical Harmonic Analysis Group, University of Vienna (1 month); Department of Statistics, University of Klagenfurt (1 month); TTTech Computertechnik AG (2 months).

Education

- 2018 – 2022 **M.Sc. Technical Mathematics, TU Wien** in Analysis and Geometry (s.c.l.).
Thesis title: *Scrambling permutations and related structures*.
- 2014 – 2018 **B.Sc. Technical Mathematics, TU Wien**
Thesis title: *Pattern matching in tree-like structures*.

Research Publications

Journal Articles

- 1 B. Garn, E. Iurlano, M. Koelbing, I. S. Kotsireas, and D. E. Simos, “Algebraic and SAT models for SCA generation,” *Applicable Algebra in Engineering, Communication and Computing*, pp. 1–50, 2023.
- 2 E. Iurlano, “Growth of the perfect sequence covering array number,” *Designs, Codes and Cryptography*, 2022. [URL: https://doi.org/10.1007/s10623-022-01168-3](https://doi.org/10.1007/s10623-022-01168-3).

Theses

- 1 E. Iurlano, *Scrambling permutations and related structures*, Master’s thesis, TU Wien, Austria, 2022.
[URL: https://repositum.tuwien.at/handle/20.500.12708/101832](https://repositum.tuwien.at/handle/20.500.12708/101832).

Skills

- Languages **German**, Italian (native); English (advanced); French, Greek (beginner)
- Coding **Python**, C/C++, R, Java, SQL, $\text{\LaTeX}$.
- Web Dev **HTML**, CSS, JavaScript, PHP
- Datascience. **Regression**, classification, optimization (advanced courses with Peter Filzmoser)
- Misc. **Completed didactics training** for university assistants. Fundamentals of hardware and network technology (routing, Linux server management).

Miscellaneous Experience

- 2020 **Study stay** at Università di Bologna (6 months).

Miscellaneous Experience (continued)

2012 – 2014  Qualification for the Austrian Mathematical Olympiad.
